Gentlemen,

On your TV news this morning (WCBS-TV, just before 7:15) you aired an interview with James Earl Ray's brother in which he said Ray told him there was a conspiracy, that he could prove it, etc.

I am writing to ask for a transcript of this (or, if the unedited version is longer, that), with permissionxto quote in my own writing, with full attribution.

If you have anything else along this line, or any other interviews with the Ray's, I'd very much appreciate them, for the same intended use.

Thank you very much.

Sincerely,

Harold Weisberg
